

Getting Started

Executive Summary

The Myskeet Shooters Portal and Mobile Application are designed to allow for an NSSA shooter to quickly track their personal information along with looking up current results of any tournament being managed by the Myskeet applications.

If the shooter has never logged into the myskeet portals, their default password is: *pass123*

First Time to Log into the Shooters Portal

<https://shooter.myskeet.com>

Please note that if you log into the Shooters Portal on your smart phone you will automatically be redirected to the mobile application!

Change your Password

- 1.) Log into the portal with your NSSA # and the password listed above.
- 2.) Click on the "My Account" link - top right corner of page.
- 3.) Select the *Password* tab.
- 4.) Enter your information and click the *Update* button.

Features

- 3.) Select the *Change Password* menu
- 4.) Enter your information and click the *Update* button.

Features

- Tournament Deposits and Pre-Registration
- Tournament Scores and Results
- NSSA Class and Averages

Getting Started

Myskeet Portals

1.) <https://scoreboard.myskeet.com>

Our digital scoreboards that anyone can run on their own laptop to see scores, shoot-offs, event winners, and options results as they are entered by the tournament management team.

2.) <https://mobile.myskeet.com>

A website that is focused on the individual shooter and has been designed to run on a smart-phone. This site contains about 40% of the features that can be found when logging into the Shooters Portal.

3.) <https://shooter.myskeet.com> (Shooters Portal)

A website that is focused on the individual shooter and has been designed to run on a laptop browser.

4.) <https://www.myskeet.com>

The general myskeet website and tournaments list. The tournament reports here simply display reports that have been generated by shoot management. For example, if the manager has not generated the Class Scores Report, this site will not be able to generate it.

5.) <https://mgr.myskeet.com> (Tournament Management Portal)

This portal is where the actual tournament is managed and is not accessible except for specific persons that have been granted manager privileges to a tournament.
